

Alumno: Erick Fabricio Arévalo Henríquez. AH180223

Investigación complementaria, capturas:

The screenshot shows a mobile application interface for calculating salary. At the top, the status bar displays the time as 9:20 PM, along with icons for notifications, cellular signal, Wi-Fi, and a battery level of 71%. The app's title, "Calcular Salario", is centered in a bold, black font. Below the title, there are two input fields: the first is labeled "Nombre:" and the second is labeled "Salario: (\$)". Both fields are currently empty. Below the second input field is a purple button with the text "CALCULAR SALARIOS" in white, uppercase letters. At the bottom of the screen, there is a black navigation bar with three white icons: a back arrow, a circular home button, and a square recent apps button.
